

Are you 50+ and want to increase your job prospects by doing a digital training programme?

Wise Horizons is a new digital skills programme for people aged over 50 who are long-term unemployed or on a low income.

You will be supported by a digital skills tutor and a dedicated employment advisor to improve your employability.

We offer personalised coaching and mentoring support to help you develop digital skills for professional and personal development.

Do you want coaching and mentoring support to help you develop digital skills for professional success?

**DO YOU NEED TO  
IMPROVE YOUR  
DIGITAL SKILLS?**

## Why take part?

Wise Horizons will give you the digital skills that employers are looking for.

It will help you keep up with changes in technology and improve your digital confidence outside of work.

Combined with Renaisi's effective employability advice, Wise Horizons will set you up for career success in the modern world.

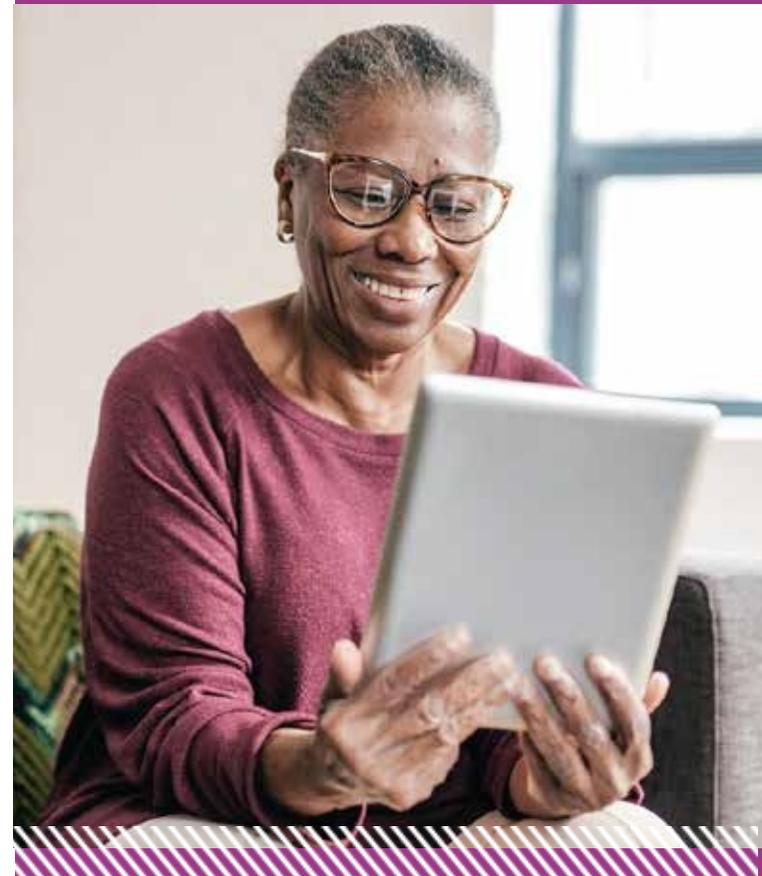

## About Wise Horizons

Wise Horizons is a package of one-to-one and group-based learning activities spread over 12 weeks.

There will be weekly classes that blend e-learning modules with Renaisi's proven employability support, designed specifically for 50+ job seekers.

Wise Horizons 12-week programme provides:

- A digital skills assessment and training plan
- Support to create or update your CV online
- Support with online job searching and applications
- Interview coaching
- Signposting to other support services, eg housing support and financial advice

## Who can take part?

You are eligible to register for Wise Horizons if you are a:

- over 50 years old
- long-term unemployed (two years or more) or earning below £18,000 per year
- Living in an East London Borough
